Hear Better | e-patientSM than You Have in Years with

At Treasure Valley Hearing & Balance, our mission has always been to deliver you the highest level of quality hearing care and the most up-to-date hearing technology solutions available.

Recently, our practice made a significant investment in enhancing your hearing care experience to ensure that you are always educated, comfortable, and confident on your path to better hearing.

The result of this investment and research? It's called e-patient.

What is e-patient?

e-patient is a highly interactive digitally based visual education tool created to improve your hearing health. You decide: Where, When, and How you want to hear better, as well as What you want to invest in your better hearing. e-patient is exclusive to AudigyCertified hearing care practices, meaning that you have access

to the most cutting edge hearing care platform available today.

e-patient and your AudigyCertified will provider show you the causes, symptoms, and treatment options for your specific hearing loss. You'll feel confident knowing that you've made informed choices about your hearing health, so you can focus on connecting with your family, friends, and the activities you love.

e-patient is revolutionary because it is turns our award-winning Patients for LifeSM patient care process into a visual conversation—even if your hearing loss is substantial, your understanding of your symptoms and solutions is crystal clear.

To experience e-patient, call Treasure Valley Hearing & Balance today to schedule an appointment. Don't delay.

When you make your e-patient appointment, we'll send you a special gift—the *Consumer's Guide to Hearing Aids*, an all-inclusive, non-biased hearing technology guide featuring the brands, benefits, and prices available to improve your hearing health.
