

Companion Questionnaire

Name _____ Patient Name _____

Relation to Patient _____ Date _____

In our professional experience, we have found that many of our patients describe hearing loss as the perception of Sound Voids™ that affect not only their normal daily routines, but the lives of those around them. We would like to ask you a few situational questions to better understand your companion's listening lifestyle and how we might improve their quality of life.

Does a hearing problem

	Always	Sometimes	Never
Make it difficult for your companion to converse on the telephone?	A	S	N
Cause you to complain that your companion turns up the television or radio too loud?	A	S	N
Cause your companion to have difficulty following conversations in a restaurant?	A	S	N
Limit or hamper your companion's personal or social life?	A	S	N
Cause your companion to have to ask people to repeat themselves?	A	S	N
Cause your companion to have difficulty hearing when in the presence of background noise?	A	S	N
Cause your companion to have difficulty hearing women's or children's voices?	A	S	N
Cause your companion to hear people speak, but fail to understand what they are saying?	A	S	N
Cause your companion to feel as though others mumble?	A	S	N
Cause your companion to feel stressed or tired when listening for long periods of time?	A	S	N

Please provide the top three listening situations where you would like your companion to hear better

- _____
- _____
- _____

Please select your companion's current and (if different) desired lifestyles

Active Lifestyle (Frequent Background Noise)

- Current Desired

Quiet Lifestyle (Limited Background Noise)

- Current Desired

Casual Lifestyle (Occasional Background Noise)

- Current Desired

Very Quiet Lifestyle (Rare Background Noise)

- Current Desired

Companion Questionnaire
